2012 MINEXPO INTERNATIONAL®

September 24-26, 2012
Las Vegas Convention Center
Las Vegas, Nevada USA

DON'T MISS MINING'S CORE EVENT.

Visit **MINExpo.com**

Exhibits

For three days every four years, MINExpo INTERNATIONAL® is the epicenter of the mining industry with more than 1,500 exhibitors occupying more than 76,000 square meters of exhibit space. This puts the leading mining industry expertise at your fingertips. There is no other opportunity like this one.

The range of exhibits is unparalleled. All types of equipment—excavating, materials handling and haulage, processing and preparation, drilling, electrical, safety—as well as communications and computer technologies, replacement parts, or engineering, construction, mining or reclamation services can be found under one roof at the Las Vegas Convention Center. In addition, many new products will be introduced at the show. Visit the MINExpo website to see a current list of exhibitors.

International Business Center

MINExpo goes to great lengths to make your visit comfortable and efficient. The International Business Center at MINExpo is available to:

- Conduct private business meetings
- Facilitate communications and provide a range of business services
- Surmount the language barrier with the availability of multilingual personnel

MINExpo® 2012 also will feature a new on-line Matchmaker Program that will facilitate attendees' access to exhibitors. As part of advance registration, each attendee will be asked to indicate those products and services they are interested in seeing at the show. Then, as part of their registration confirmation, each attendee will receive a list of the exhibitors matching the products and services they indicated. The list will include a link to the website of each listed exhibitor. The Matchmaker Program lets attendees learn more about companies and products prior to the show so that they may use their time at the show more efficiently.

If you register before 10 August 2012, you can get the reduced registration fee of US $100.00.

International Buyer Program

Once again, the U. S. Department of Commerce has chosen MINExpo INTERNATIONAL to participate in its International Buyer Program (IBP). This is important to MINExpo attendees because the IBP facilitates partnerships between show exhibitors and buyers who want to grow their businesses, improve profitability, increase productivity or meet a range of mining-related challenges. At the show, you can check in at the International Business Center, where Department of Commerce officials will work hard to put you in direct contact with the exhibitors you want to visit.

The international section of the MINExpo website, www.minexpo.com, contains information to contact the Commercial Specialist at your nearest embassy or consulate to learn about joining a delegation to attend MINExpo. Those who attend as part of a delegation receive complimentary registration.

REGISTER NOW!

There's no time like now to register to attend MINExpo INTERNATIONAL 2012. You can register completely on-line by visiting www.minexpo.com. The website has a special section exclusively for international visitors. It contains registration and lodging information, links to U. S. embassies and consulates in your country to help facilitate your visit, visa information and much more.

Please note that the process to apply for and receive a visa to visit the United States—depending on your location—can require several months to complete. So start the process early.

For more information, visit
http://travel.state.gov/visa/visa_1750.html
If you need a letter of invitation, it can be requested when you register for the show.
